

10 Reasons to choose Citiwide

1. Our extensive experience in the mortgage industry. We've been operating since 1988.
2. We're one of only a few mortgage broking firms not owned by a bank – so you'll get the advice that's right for you, not the lender.
3. Our wide choice of loans. We are accredited with over 24 lenders!
4. We are accessible 7 days a week to answer any of your questions.
5. We specialise not only in home loans, but can also assist you with commercial loans, car loans and personal loans.
6. We'll keep in touch with you on a regular basis to offer you a FREE review of your loan because the Banks don't generally tell you if there is a better option elsewhere.
7. Our service to you is FREE as we are remunerated by the lender, unless otherwise stated.
8. We will disclose to you in writing the commissions we receive from any Lender.
9. All of our Credit Advisers are fully qualified and are trained to the highest standard.
10. We are passionate about helping people own their own home.

How do we determine which loan to recommend to you?

- We'll ask you several questions to first find out what your needs and preferences are.
- We'll narrow down the options we feel will suit your circumstances, not the Lender's!
- We'll use our advanced Loan Calculators and Loan Comparison software to find the loan which best suits you. We won't be guessing.

How do we get paid for our services?

- Citiwide is paid by the Lenders for the work that we do.
- The commission paid by the Lender, does not affect in any way, the interest rate or the fees on your loan.
